

A blue shipping container is shown at an angle. The container features the Astromin Logistics logo, which consists of a stylized 'A' with a star and a swoosh. Below the logo, the text 'ASTROMIN' is written in a large, bold, sans-serif font, and 'LOGISTICS' is written in a smaller font below it. On the side of the container, there is also text that reads 'FREE SHIPPING CONTAINER' and 'ASTROMIN LOGISTICS'. The container is set against a white background with a large, stylized blue 'STATION!' text in the upper left corner.

TRUST TRANQUILITY TRANSPARENCY

Connecting the world for seamless deliveries!

Astromin stands at the forefront of the transport solution industry, distinguished by its unwavering commitment to expanding its global network. Through a foundation of knowledge-driven operations, the company excels in delivering exceptional value to its diverse clientele across various business verticals within the UAE and throughout the Arabian Gulf region. The company boasts a specialized team adept at handling intricate tasks such as industrial packing, meticulous documentation, securing permits, and comprehensive shipment tracking, ensuring a seamless journey to the final destination.

With a focus on nurturing collaborative relationships, Astromin offers an array of pivotal services. These include the consolidation and deconsolidation of Less Than Truckload (LTL) and Less than Container Load (LCL) shipments, along with adept management of DDP/DAP/DDU shipments by land, air, and sea. Swift and precise customs clearance services are offered across all transport modes, coupled with expert handling of freight collections at the destination (FOB), serving the best interests of its global freight forwarding partners.

Further enhancing its offerings, Astromin specializes in LCL distribution, deftly manages project cargo, RoRo, and Breakbulk shipments, and excels in international freight forwarding. The company further extends its prowess to encompass top-tier warehousing solutions and provides end-to-end combined logistics solutions for the ultimate customer convenience. Moreover, Astromin offers a cargo insurance option, providing an additional layer of assurance and tranquility for its partners.

**WE MAKE THE
IMPOSSIBLE POSSIBLE!**

Our Services

Air Cargo

Our global team is highly experienced in Air Freight Logistics. We understand how critical timing is when utilizing air freight services. Every step in the process of handling an air freight shipment is handled with great care and a sense of urgency. We provide optimal air solutions from source to destination while continuously and closely monitoring and tracking every shipment from start to finish. We help our customers to monitor their freight while it moves through the logistics supply chain from point of origin to destination.

Sea Cargo

Our Ocean Freight Cargo includes both Full Container Load (FCL) and Less than Container Load (LCL) facilities. We aim to schedule delivery of goods in a time efficient and cost-effective manner. We specialize in offering a complete Logistics experience to better serve our clients where we provide all necessary services from picking up the goods anywhere in the world (packing, trucking, documentation) until delivery of goods to required location.

Our Services

General Warehousing

Our warehousing and distribution solutions make your supply chain seamless by ensuring timely delivery of your orders and caring for your inventory in a safe and secure environment. More than just storage, our warehouses are your supply chain pit-stop, expertly designed to keep your products flowing through the supply chain at a pace of your choosing.

Packing and Moving

Astromin Logistics offers top-tier industrial packing services that redefine efficiency and reliability. Our expert team meticulously handles your valuable goods, utilizing industry-leading materials and techniques to ensure utmost protection during transit. With a proven track record of delivering excellence, we cater to diverse industries with tailored solutions. Choose Astromin for a seamless and secure packaging experience that truly safeguards your industrial shipments.

Customs Broking

The general public is often unaware of the sheer magnitude of goods and raw materials that cross international borders every single day and what is involved in dearing these goods through international customs. Each country operates under different sets of rules and regulations. These regulations change almost on a daily basis all over the world. We are your translators, communicating with agencies and government officials throughout the shipping process to ensure that all the proper procedures are followed, keeping our customers costs at a minimum.

Cargo Transport by Heavy Trucks

Our Road Freight Products provide high-quality road transportation, ranging from typical services like Less-than-Truck Load (LTL), Part-Truck Load (PTL), or Full-Truck Load (FTL) shipments to temperature-controlled and highly secured transports.

Our Services

Cargo Transport by Light Vehicles
